## WELCOME TO THE NETHERLANDS

### Welkom in Nederland!

Have you ever thought about an exchange in one of Europe's smallest countries where most of its land lies below sea water level?! Seems scary? Thanks to our dams, water dikes and water management for many centuries we all stay safe and dry: 0.

We would love it if you signed up as an exchange student for one of our shortterm or longterm programs in our country so you can come and see for yourself what the Netherlands have to offer.

Our country is so much more than tulips, windmills and clogs. Come and have an amazing Rotary exchange with us. We offer summer camps, family-to-family programmes as well as a full year exchange.

At the end of your stay you will be sad to leave. There is always something more in our country that haven't seen or visited. Hop on your bike, bus or train to go and explore our country.

Interested? Come and find out for yourself by going on Rotary exchange – we are looking forward to welcome and to have you here!
