Attersee – adventure pure water

Have the most beautiful days of the year, far from the stress in the fast life, that means: „Draw“ your force, refill your batteries, enjoy the Attersee as „source of life“. Purest, crystal-clear water which inspired many artists to create amazing pictures.

The marvelous landscape and the charm of the Attersee as a wonderful lake with drinking water quality offer the ideal condition to refill your batteries

With a total area of 46km² and 172 metres in depth lake Attersee is the ‘El Dorado’ for sailors. A constant wind – known better to the locals as ‘Rosenwind’ – ensures the perfect condition for wind surfing and sailing. Fun and action on the water can also be found with parasailing, water skiing, and tubing...

Sailing

"Attersee – sailing along with the evening ‘Rosenwind’

For decades the lake Attersee is a must for the ambitious regatta sailor and of course for the well-known ‘Rosenwind’. But why ‘Rosenwind’? It was said, that in former times rose gardens surrounded the castle of ‘Schloss Kammer’. The scent from the roses drifted across the lake from a north-easterly direction, thus creating the famous ‘Rosenwind’ with sunny weather and blue sky being the typical characteristics. That is why from May till September lake Attersee is the centre of the regatta scene for sailing clubs in Austria

Approximate Daily Plan (Subject to change):

So. 12.7.09: Arrival and Reception of the group in Attersee. Welcome Party hosted by Rotary Club Steyr Members.

Mo. 13.7.09 — Fr. 17.7.09: Breakfast, theory and sailing, break, sailing, dinner, special activities for the evening. **One Training with 8 times Olympic winner Hubert Raudaschl**

Sa. 18.7.09: Breakfast; dismantling of the camp, the participants picked up by RC Steyr and journey home (Train Station Vöcklabruck) or to next Summer Camp canoeing 18.7–27.7.09. to Feldbach

The Rotary Club Feldbach and Steyr reserves the right, if necessary, to modify daily plans. For security reasons, we do not sailing during very strong wind. Depending on the group motivation, weather, etc... we reserve the right to cancel individual daily plans. In this case we will offer an attractive replacement program
