# ROTARY INTERNATIONAL

The Danish Rotary Youth Exchange Program

(Districts 1440. 1450. 1460. 1470.1480)

*Short Term Exchange*

The theme and purpose of CampLolland are as follows:

1. to bring together young people from various countries and cultures,
2. to help young people to understand each other – and different cultures – better,
3. to create lasting friendships across borders, geographical borders as well as cultural ones,
4. to help develop a better international understanding, tolerance and a wish for peaceful coexistence for the young generation, and
5. to teach the young people about Danish culture and Danish way of life.

The school are situated in the area of Lolland in the small town Nysted.

There will be a full agenda for the camp: exercises, sports and touristic tours guided by young Danish people or rotarians. Of course you will visit Copenhagen and Tivoli.

We are looking forward to meeting you, and we hope to offer you two exciting weeks and a pleasant stay.

Henrik Drachmann

Chairman, YEO
